

Actinic BL TL-D(K) Secura

Actinic BL TL-D 18W/10 Secura 1SL

With an optimized spectrum matching the eye sensitivity of the housefly, Actinic BL TL-D(K) Secura lamps are perfect for attracting insects. They have virtually no UV-B output, and so are perfectly safe. In addition, they have a special "Secura" sleeve that keeps all glass and components together in the case of accidental breakage. This eliminates the risk of glass splinters showering down on food preparation areas, for example. And that is why it meets the strict HACCP requirements. What's more, with the lowest mercury content in the industry and being 100% lead-free, these lamps represent a very good environmental choice.

Product data

• General Characteristics

Cap-Base	G13
Bulb	T26
Main Application	Reprography
Useful Life	5000 hr
Life to 50% failures	9000 hr
