

Halogen High Voltage SE (Film/Studio)

7002Y 1000W G22 230V 1CT

Halogen High Voltage SE (Film/Studio) – stars on film and video. The high, constant output and consistent colour temperature of these single ended halogen lamps ensure attractive, accurately exposed pictures for both film and video. What's more, these lamps incorporate the highly innovative P3 technology, developed by Philips. This allows the lamps to be used at higher temperatures, which extends overall lifetime and consistency of their high-quality light output. P3 technology also allows the lamp to be used in any burning position and enables more compact designs of fixtures. In addition, the very wide choice of dimensions and power ratings opens new levels of creative freedom for the luminaire designer.
